

# Communication is so important for your mental health and well-being.

It is especially imperative during this time when you may not be visiting with friends and family as much. Whether you are chatting over the phone, online with the grandchildren, or just listening to your favorite programs on TV or Radio, we want to make sure you are able to hear and enjoy life.

## We are here to help in a safe and caring environment

If you are healthy and at low-risk for health complications, we invite you to come to our office for a one-on-one appointment with our licensed hearing professionals.

## *We are committed to your health and safety.*

The following procedures will help to ensure that you and our staff are comfortable in a safe and clean environment:

1. Call our office for a one-on-one, private appointment at **903-630-5600**
2. When you arrive in the parking lot for your appointment, call our office to let us know that you have arrived.
3. Stay within the comfort of your car and we will let you know when the specialist is ready to see you.
4. If you have any symptoms of illness, we will happily reschedule your appointment for a later date.
5. Ask about testing in the comfort of your own home.

Your health and safety - mentally and physically - is our top priority. Should you have any concerns whatsoever, please do not hesitate to contact us.

Yours Sincerely,

*Michael Roach*
